

Who Are We?

Answers for Autism is an all volunteer organization founded by parents of children with autism. Our mission is to increase and broaden public knowledge and awareness of the behaviors, social issues and emotional needs of individuals on the autism spectrum so that all individuals can participate in and contribute to our community without fear or bias or loss of individuality.

What do we do?

We carry out our mission through our grant program which is funded through various fundraising events, the main one being the Answers for Autism Walk. Proceeds raised are used to provide grants for programs in Indiana that serve individuals on the autism spectrum, to promote the advancement of autism research, and increase public awareness.

Join Us!

You do not need to be a parent to get involved. We have informal meetings with great people who are doing what they can to make a difference in Indiana and beyond!
