Answers for Autism is a volunteer-driven organization that focuses on helping those in Indiana with autism, their caregivers, and their families. We do this through our grant program, which advances autism research and provides funding for programs in Indiana that serve individuals on the autism spectrum and increase public awareness. Since 2001, Answers for

Autism has contributed over a half million dollars to organizations across Indiana and to national research. For more information please visit the Answers for Autism website www.answersautism.org.

Talk About Curing Autism is an organization dedicated to educating, empowering and supporting families affected by autism. For families who have just received the autism diagnosis, TACA aims to speed up the cycle time from the autism diagnosis to effective treatments.TACA helps to strengthen the autism community by connecting families and the professionals who can help them, allowing them to share stories and information to help improve the quality of life for people with autism. For more information please visit TACA's website: www.tacanow.org/indiana

We hope you will consider supporting An Evening for Autism through a sponsorship or donation. Both organizations are non-profit 501(c)(3)
